The weather is a perfect temperature this time of year for both sleeping and swimming.

Food

The food in Yelapa is amazing - always fresh and full of natural flavors. Our caterers and chefs are equipped to work within the parameters of most food preferences and needs. Vegetarian, Gluten Free, Dairy-free, Nut-allergy-friendly options will be available.

We often wake up to morning smoothies full of the ripe tropical fruits growing right outside of our home. There's plentiful options and your body will feel recharged with the nourishing ingredients. All meals are included: most of our meals will be catered, though when we do go out to local restaurants, guests will be treated by the retreat hosts.
